President  
IAAFL -ITALY

Dear President,

## **APPRECIATION FOR IAAFL NATIONAL COMMISSIONER FOR THE COUNCIL UGANDA**

Relative to the above reference please, I whole heartedly accept the designated purposeful role for the Council Uganda. The communication guided me to understand your true IAAFL administrative bureaucracies, sports and technical solutions. In Uganda, these are still wanting in all aspects of organizing the American Football.

The extension of IAAFL Council to Uganda add-extra empowerment that embodies sports values with technical personnel and administration. In the current, American Football climate, I ensure to introduce a progressive Uganda-Italy-America Sport System with a technical ideation plan. The Council Uganda administrative organ is good in fostering effective collaboration with federations, foot-ball stakeholders, the Italian Embassy Uganda, the Ministry of Education and Sports (Basic Education Working Group) and all institutions of higher learning.

I really enjoy the full confidence you entrusted in me to deliver as a National Commissioner.

Regards,

John Martin Lwasa

President / Commissioner IAAFL Uganda
